

FACT SHEET:

# BearCom Rentals

## Who We Are

Headquartered in Dallas, Texas, with 28 branches across the United States, BearCom is America's only nationwide wireless equipment dealer and integrator. We are well equipped to handle all your wireless communications requirements, including sales, rentals, and service.

## What Rental Services We Offer

Whether you're shopping for two-way radios or push-to-talk phones to empower your mobile workforce, or you're seeking a wireless networking and surveillance solution to monitor your entire campus or facility for an upcoming event, BearCom can help. Our knowledgeable, experienced rental staff stands ready to meet your wireless equipment needs.

BearCom's customer list includes some of the best-known companies and organizations in the country. We can provide you with the same suite of wireless products, solutions, and services, including:

- Equipment sales
- Short-term rentals for events
- Long-term leasing
- Equipment management
- Service and repair
- Custom systems design

## How Our Rental Solutions Are Different

With the ever-changing needs of today's fast-paced business environment, purchasing wireless equipment isn't always the best option. BearCom's experienced Rental Group provides short-term rentals and long-term leases for a wide range of quality wireless equipment.

BearCom offers monthly, weekly, and daily rates for rentals, as well as 24/7 customer service, staffing, and technical support. Our dedicated professionals are also available to ensure your rental application is set up and fully supported for optimal performance.

BEARCOM'S

## Customized Rental Programs

Some of the more common applications for our wireless rental equipment include events and organizations such as:

- Trade shows and associations
- Fairs and festivals
- Sporting events and concerts
- Petrochemical plant turnarounds
- Corporate meetings and events
- Security operations
- Transportation companies
- Facilities and venues

Our extensive rental and leasing inventory includes a number of industry-leading devices, such as:

- Motorola UHF, VHF, 800, and 900 MHz two-way radios and MOTOTRBO digital radios
- Motorola repeaters
- Nextel push-to-talk digital cellular phones
- Sprint mobile broadband cards
- Sony IP video surveillance cameras
- Firetide mesh networks
