

Always On

The background of the lower half of the page is a photograph of a man in a dark suit and white shirt, seen from the chest up in profile, talking on a black mobile phone. The background behind him is a blurred construction site with scaffolding and structural elements. The entire image is overlaid with a semi-transparent orange filter. The text is in white, bold, sans-serif font.

**ALL-NEW
CITIZENS BROADBAND
RADIO SERVICE
(CBRS)**

5 THINGS YOU SHOULD KNOW

Citizens Broadband Radio Service (CBRS) is a newly available high-speed broadband spectrum for commercial enterprises that was previously exclusive to the U.S. military and satellite stations

BearCom can design a broadband network to give you greater speed, security, connectivity, range and capacity than ever before.

ALL-NEW CITIZENS BROADBAND RADIO SERVICE

5 THINGS YOU SHOULD KNOW

1. **CBRS MAKES PRIVATE LTE AFFORDABLE**

Instead of expensive licensed spectrums, CBRS allows private LTE networks on shared spectrums. Now you can take advantage of the benefits of private networks without the cost.

2. **CBRS OFFERS COMMERCIAL-GRADE SPEED & CAPACITY**

With twice the capacity and four times the speed of Wi-Fi, the CBRS spectrum for commercial enterprises allows your organization to integrate voice, video, and data like never before and operate to its full potential.¹

3. **PRIVATE LTE ALLOWS GREATER SECURITY**

On a private CBRS network, you can keep sensitive data local while still accessing your cloud.

4. **CUSTOMIZATION IS NEAR-LIMITLESS**

BearCom specializes in customization. With our OnGo® CBRS service and our MOTOTRBO® Nitro™ voice and data solutions, we can tailor your network along with your devices.

5. **IMPROVED VISIBILITY INCREASES SYSTEM PERFORMANCE**

Using a private network optimizes system performance with remote monitoring applications and data services for human-machine interfaces.

From IIoT applications to In-Building wireless connectivity, the BearCom team can help take your productivity and connectivity to the next level. Call us at **844-742-5122** to learn more.
