# CITIZENS BROADBAND RADIO SERVICE

**EXTENDED COVERAGE & FASTER CONNECTIVITY**

## WHY USE CBRS?

Does your network have poor coverage? Are you limited by the number of devices that can function on the network? Is your audio quality poor? Citizens Broadband Radio Service (CBRS) is a commercial-only network with advanced coverage, capacity, and audio quality so your team can focus on productivity.

## INTRODUCING MOTOTRBO<sup>®</sup> NITRO<sup>™</sup>

What happens when you combine the fastest new CBRS network with Motorola Solutions<sup>™</sup> top-of-the-line communications devices? MOTOTRBO<sup>®</sup> Nitro<sup>™</sup>. MOTOTRBO<sup>®</sup> Nitro<sup>™</sup> is an enterprise-grade broadband with consumer-grade usability. Using CBRS and best-in-class voice, video and data solutions, MOTOTRBO<sup>®</sup> Nitro<sup>™</sup> delivers:

- **Crystal-clear voice quality** – communicate easily with no patchy handovers
- **Strong, reliable coverage** – even on sites with thick concrete walls
- **Increased capacity** – put more devices on your network than ever before
- **Instant communications** – Motorola Solutions<sup>™</sup> products are designed for safety, efficiency, and instant collaboration

\*Based on 802.11a standard for 5.0 GHz WiFi using similar channel bandwidths.

## WHAT SETS MOTOTRBO<sup>®</sup> NITRO APART

Up to four times the range of Wifi\*

Twice the capacity of Wifi\* (*More devices can function without losing speed*)

Commercial-grade data speed

**BEARCOM CAN HELP SET UP AND MAINTAIN CBRS AND MOTOTRBO<sup>®</sup> NITRO<sup>™</sup> FOR YOUR ORGANIZATION. CALL US AT 844-742-5122 TO LEARN MORE.**

## **NEW PRODUCT AVAILABLE! INTRODUCING CITIZENS BROADBAND SERVICE**

### **NEW SPECTRUM, GREATER SPEED**

Citizens Broadband Radio Service, or CBRS, is a newly available commercial-only broadband spectrum. It offers an extremely fast, more private data network with stronger connectivity, greater range, and greater capacity than you'll find on consumer networks. CBRS' speed and signal strength are ideal for:

- **Stocked warehouses**
- **Concrete facilities**
- **Challenging environments**
- **Busy factory floors**
- **Large campuses or sites**

### **MAKE THE MOST OF CBRS**

Use your newest network to its full potential with MOTOTRBO® Nitro™ from Motorola Solutions™.

It combines the speed and range of the Citizens Broadband Radio Service network with the user-friendly, high-quality voice, video, and data systems that Motorola Solutions™ is known for. If your organization's experiencing patchy audio and unreliable coverage, MOTOTRBO® Nitro™ covers all your bases by improving your device capability and your network.
