Who We Are

Headquartered in Dallas, Texas, BearCom is America's only nationwide wireless equipment dealer and integrator. We are well equipped to handle all of your wireless communications requirements, including sales, rentals, and service.

Thousands of commercial and government entities depend on BearCom to keep them connected—everywhere, all the time. Founded in 1981, BearCom serves customers from 26 branch offices located throughout the U.S., has several affiliated offices around the world, and employs approximately 400 people.

What We Do

BearCom provides a broad line of high-performance wireless communications products, services, and complete mobility solutions. Our partners include major manufacturers and industry innovators such as Motorola Solutions, Vertex Standard, Icom America, Sony, Panasonic, Firetide, BridgeWave, and more.

How We're Different

BearCom is much more than just a dealer of the latest wireless technologies. We are staffed with a large, knowledgeable professional services group, which stands ready to design and implement the ideal wireless solution for your organization.

BearCom serves a wide variety of customer types in various industries and has accumulated a wealth of knowledge through our experience. We also implement best practices throughout our organization to ensure the highest-quality solutions available in the wireless communications industry today.
