eVerge—A New Standard of Digital Excellence

DIGITAL TWO-WAY PORTABLE RADIOS: VERTEX STANDARD

The outstanding, high-performance eVerge line of digital-capable two-way radios offers ideal choices for customers who are looking for clearer audio quality, better coverage, and more privacy without higher equipment costs.

These versatile radios are designed to work with existing analog devices for easier conversion.

Features of the eVerge EVX-530 Series of two-way radios:

- Operation: Analog and/or Digital
- Channels: 32-512
- Power: 5W (VHF & UHF)
- Size/Weight: 4.1"H x 2.3"W x 1.34"D, 9.9 oz.
- Waterproof: IP-57 fully submersible rating
- Call Management: Place direct calls to individuals, groups, or all (in digital mode)

**eVerge EVX-531:** Easy-to-use, economical design. 32 channels, 2 groups, 3 programmable keys.

**eVerge EVX-534:** Full display for greater flexibility. 512 channels, 32 groups, 7 programmable keys.

**eVerge EVX-539:** Greater functionality with 9 programmable keys. Direct dialing, stored IDs/contacts, site messaging, and more; 512 channels, 32 groups.

The eVerge EVX-534 and EVX-539 display radios deliver enhanced communication and privacy, including:

- **Text Messaging:** Provides an ideal option when voice communication is not practical.
- **Auto-Range Transpond System (ARTS) II:** Enables users to monitor their connection status with other users by radio ID.
